THE ULTIMATE IN DRAW POKER!

* WITH EXCLUSIVE DOUBLE-UP FEATURE

*After a win player can try for double credits by playing high or low single card game.

- Full graphics on all cards—a face card looks like a face card. • All functions are metered
- 14-inch color monitor. • Micro processor circuitry with battery back-up for memory—power outages will not wipe out games or credits. • Up to 50 credit play per game
- Uses full 52-card deck, reshuffled for each game • Lighted screen to further assist player
- Button operated bookkeeping functions • Anti cheat feature built into coin acceptor
- Beautiful wood grain cabinets in compact or upright models • Sound effects available
- 115 or 230 volt AC-50/60 Hz (2.5 or 1.5 amp)
